

## Hex Nut - Zinc

**Product #** FHNCZ716

**Bolt Diameter/Size** 7/16 in

**Thread Count (Pitch/TPI)** 14

**Thickness** 0.365 to 0.385 in

**Tool to use** 11/16 in

**Packaging format** Box of 1500

### DESCRIPTION

These hexagonal nuts with coarse thread are made of Grade 2 steel. They are ideal for structure assembly.

### ADVANTAGES AND BENEFITS

Coarse threads on Grade 2 steel hexagonal nuts enhance the grip and ensure a secure fastening. This is particularly important in applications where vibrations or external forces might otherwise cause loosening over time.

### TECHNICAL SPECIFICATIONS

<b>Product #</b>	FHNCZ716
<b>Material</b>	Steel
<b>Finish</b>	Zinc
<b>Thread Type</b>	Coarse
<b>Brand</b>	Reliable
<b>Steel Grade</b>	Grade 2
<b>Specific Application</b>	Structure Assembly
<b>Type of nuts</b>	Hex Nut
