

Plain Flooring Screw, Bugle Head, Square Drive, Hi-Low Thread, Regular Wood Point Type

Product # FKHLP8134C5

Length 1 3/4 in

Threading Partial thread

Packaging format Box of 500

DESCRIPTION

Screw without plating

The high-low combined thread helps cut through wood fiber. Screws are easier to drive in with less battery power! In addition, the bugle head has more holding power in high-density wood.

TECHNICAL SPECIFICATIONS

Product #	FKHLP8134C5
