

## Plain Wood Screw, Pan Head, Quadrex Drive, Single Lead Thread, Type 17 Point

**Product #** PQ17P8134J

**Length** 1 3/4 in

**Brand** Reliable

**Threading** Partial thread

**Packaging format** Box of 500

### DESCRIPTION

#### Self-drilling assembly screw without plating

These screws are versatile and designed for specific tasks, providing unique benefits. Plain wood screws are suitable for a wide range of woodworking and construction applications, making them a versatile fastening solution.

### ADVANTAGES AND BENEFITS

- The type 17 point eliminates the pre-drilling step. It also prevents the wood from cracking and splitting
- The single lead thread offers excellent holding power, ensuring that the fastened components remain securely in place.
