Box of 350	Box of 1000	Box of 1000	Box of 1500	Box of 2000
Box of 3000	Box of 4000	Box of 5000	Box of 6000	Box of 8000
Box of 12000				

DESCRIPTION

Zinc plated pocket screw

Pocket hole drilling, or screw construction assembly, requires drilling an oblique hole (generally a 15-degree angle) in a piece for assembly with a second piece using a special screw.

No clamping required. An adhesive is recommended but not required.

ADVANTAGES AND BENEFITS

- The zinc plating provides excellent corrosion resistance, protecting the screws from rust and deterioration when exposed to moisture and the elements. - The Quadrex drive is easy to use and minimizes the risk of slippage or stripping during installation,

providing a straightforward and efficient fastening process.

TECHNICAL SPECIFICATIONS

Head Type	Pan Washer
Drive required	Quadrex
Thread Type	Coarse Thread
Point Type	Regular
Finish	Zinc
Brand	Reliable
Specific Application	Pocket Hole Screws
Type of Wood	Softwood, Engineered Wood
Standards and Certifications	Not Certified
Material	Steel
