DESCRIPTION

Fasten machine components, appliances, electrical boxes, handles, knobs, and more with these metric machine screws. They are constructed with zinc-plated steel for durability and smooth performance. The screws are easily secured with a Phillips driver and have a pan head for great grip, torque, and easy installation. Designed for use in a pre-tapped hole, the machine screws feature a metric thread and a Type B point. They comply with the Industrial Fasteners Institute's ASME B18.6.3 standards.
