DESCRIPTION

Fasten machine components, appliances, electrical boxes, handles, knobs, and more with these imperial machine screws. The zinc-plated steel screws are easily secured with a Quadrex driver and have a pan head for great grip, torque, and easy installation. Designed for use in a pre-tapped hole, the machine screws feature an imperial thread and a Type B point. They comply with the Industrial Fasteners Institute's ASME B18.6.3 standards and complete with compatible nut.
